

MADE IN FLORIDA

Middle School

Made in Florida

Scavenger Hunt
Teacher Lesson Plan

Created by the Florida Advanced Technological Education Center of Excellence, FLATE
www.fl-ate.org • www.madeinflorida.org

Length: One – Two Hours

Objective: Students will:

- Identify various resources for college and career pathways using FLATE's [Made in Florida](http://www.madeinflorida.org) website.
- Describe how different things are manufactured in Florida
- Identify major companies that make things in Florida
- Identify different careers in modern manufacturing

Materials:

- Made in Florida website – <http://www.madeinflorida.org>
- MIF Scavenger Hunt worksheet
- Made in Florida Video <http://madeinflorida.org/videos/>

Description of Activity:

1. This can be done individually or in teams of 2.
2. Ask the class “Name something you think is made in Florida?” Examples to share: Silk soy milk (Jacksonville), Tropicana (Bradenton), Publix portable kitchen, register areas (EMI, Tampa) and Busch Gardens stainless steel buffet tables (EMI, Tampa).
3. Give each student/team the MIF Scavenger Hunt worksheet
4. Allow 20-30 minutes for students to look through the STUDENT section of the website.
5. Using a flip chart (in the front of the room) have each student/team come up and write the “3 things they learned” about Made in Florida or jobs they thought were cool.
6. As a class, discuss the items listed. Expand on the importance of science, technology, engineering, and math classes in middle and high school.
7. Have the class brainstorm about ways which STEM curriculum is used in advanced manufacturing applications.
