Student Worksheet, Day 1 of 4

Read the article "Metrology Market Expected to Reach \$720M by 2018" and review vocabulary. Mark the portions of the article with "P" if text is describing a process. Mark "\$" if text is describing financial information. Mark "I" if text is describing specific industries.

Post Reading – Using Textual Evidence

1. Why has there been a growth in the metrology market?

2. Describe the differences in CMM and ODS services.

3. What are a few industries that require most of the metrology services?

Student Worksheet -Directed Note-Taking, Days 3 and 4

"Quality Measurements"

Article: Metrology Market Expected to Reach \$720M by 2018 product
